

David's Little Stones

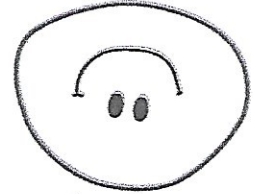

Look at this little booklet when you are afraid. It will help you remember that God is with you!

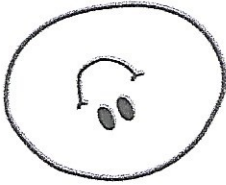

Red means stop! This is the little stone that stopped the giant. Remember to stop and praise the Lord when he helps you! Tell others about how he helped you too.

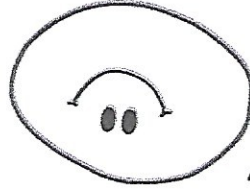

Yellow means slow down. When you are afraid, slow down and pray. Ask God to help you and to make you strong. He can help you with anything!

Green means go! Go for it! Don't be afraid even if you have big problems. God can help you with all your problems. Just call on him and he will help you!

Blue means sad. Even if you have problems, you don't have to be sad. Just remember God can help you with anything! He loves you, and he is on your side.

Orange is bright and happy. You will be happy when you see how God can work in any situation. Just obey what he tells you to do. He will handle the rest!
